Expect more than just high interest when you open a Premier Cheque account

Expect a healthy rate of interest

Premier Cheque is the flexible, all-in-one account that rewards you with a healthy tiered interest rate of up to 5.35% per annum. The more you have in your account, the more interest you'll earn.

Expect to pay less

You'll pay no cheque, EFTPOS or ATM** transaction fees with a Premier Cheque account. Keep your account balance over the minimum opening deposit of \$5,000 and pay no account management fees either.

Expect a chance to win big

And to top it off, you could win \$25,000 every month in the TSB Bank Monthly Cash Draw. Every \$1,000 in your account at the time of the monthly draw automatically gives you one chance to win.

Expect a healthy return

At TSB Bank we have a range of investment rates and terms to suit your individual needs. Visit our website www.tsbbank.co.nz or come in and see us to find out which rate is best for you.
